

SUGGESTED METHOD OF HOW TO DISCUSS AL-QUR'AN: GROUP OR INDIVIDUAL BRIEFLY:

1. Ask all of them to bring their own copies of Al- Qur'an, Arabic with English.
2. Include the entire group by asking each one to read out an ayah as you give references.
3. First ayah to read out - 2-121. Make the person to read it at least 2 or 3 times and ask the group what they understand of this ayah. - It states that only those who **STUDY** the Qur'an can be **BELIEVERS**! Those who do not study the Qur'an cannot be believers. ALLAH SAYS SO! Not anyone else.
4. The rules to study: (1) remember that the original Qur'an is in Arabic! There are 10 such verses stating this. (2) Then go to 3-7, wherein is the LAW OF INTERPRETATION, which says that the Qur'an has 2 types of verses. The Muhkamât and the mutashabihaat. (3) Then to 4-82. No ayah can contradict another in the Qur'an!
5. Next go to 25-33. One person to read out in English then ask another person to read the same ayah in Arabic. Focus on the last word in this ayah. It clearly says TAFSEER! Remind them that this word appears only once in the entire Qur'an and Allah says He will make Tafseer (Interpret/explain etc and nobody else) of His Qur'an otherwise there will be chaos in the understanding of Allah's Book. Allah will NEVER allow that.
 1. There are more than 30 ayat stating that Allah alone explains His Qur'an, and not even Muhammad (as) : Mention a few from this list: 6-55; 75-19; 6/46; 6/65; 6/105; 6/114; 6/119; 6/154; 7/32; 7/52; 7/58; 7/174; 9/11; 10/5; 10/24; 10/37; 11/1; 12/111; 13/2; 16/89; 17/12; 17/41; 17/89; 18/54; 20/113; **25/33**; 30/28; 41/3; 41/44; 65/11).
 2. Then go to: 6-19. Always make them to read the ayah 2 or 3 times and ask them what they understand of the verse and about weightiest evidence, and about warns all who the Qur'an reaches including us etc.
 3. Next go to 38-70. ONLY QUR'AN revealed to Muhammad (as), and he is to warn ONLY with Al-Qur'an!
 4. Muhammad (as) himself follows only Qur'an. 6-50; 12-108; 7-3; 7-203, 28-85; 7-157; 43-43; 10-109; 3-103; etc.
 5. Then go to 17-41. You will see Allah says this is His method of repeating the same message in various ways. Tasreef.

6. Then go to 45- 6 to 10 make them to read the Arabic after the English. The word hadîth appears there. Read twice and then ask one of them to transpose the word hadîth into the English translation with the following ayat as well. 77-50; 68-44; and they must read out 31-6 at least 3 times! Focus on Lah'wul hadîth. Question them as to what they understand with all these ayat.
7. Then take them to 39-23 and focus on ah'sanal hadîth!!!
8. Then to 18-6. Focus again on the word hadîth! Allah says the Prophet is aggrieved because they do not want to believe in Allah's hadîth!
9. Go to 29-51 & 52. 4-174, 6-92; 6-155. 21-50.
10. Then to 16-89 and then to 4-41- Make them to understand that this question to Prophets and to Muhammad will be on Qiyamat.
11. Remind them of the stories we hear so often by the 'alims' who say Muhammad will intercede for us.
12. Read 25-30! Allah has ALREADY given the question and answer to Muhammad in the 6/7th century. Are we blind to see what this answer will do to those who want intercession from the Prophet and want and other books? Make them to ponder, read it a number of times. Ask them: Can this answer be helpful in interceding?
13. Next: let them read 10-15/18, and 69-43 /47.
14. Then: 46-9; and then 7-188.
15. Some may ask – but the majority follows hadîth. Refer to 6-116; 2-170; 12-103; 17-89; 16-82; 10-32; 14-1; 29-63; 25-44; 6-39; 8-22; 8-55; 54-47.
16. And finally tell them that there are many similar ayat in the Qur'an and they must read the Qur'an for themselves many times so that they can get the true understanding of the Divine Revelation and have all the misconceptions we have been indoctrinated since young removed as Allah says in: 10-57 and 17-82.
